5. CONFLICT RESOLUTION PROCEDURE

Disagreements and conflicts are a natural part of group work. This section outlines how your group will manage conflicts constructively and professionally.

5.1. Early Intervention (Step 1)

If a group member does not meet expectations (e.g., missing deadlines, poor communication, unequal contribution), the following steps will be taken:

1. The concerned member(s) will raise the issue privately with the individual within 48 hours of the concern arising.
2. The issue will be discussed openly and respectfully, focusing on behaviours rather than personalities.
3. A mutually agreed action plan will be documented (e.g., revised deadline, adjusted responsibilities).

5.2. Group Mediation (Step 2)

If the issue is not resolved within one week, the group will:

4. Convene a formal group meeting (with all members present) to discuss the concern.
5. Allow each party to state their perspective without interruption.
6. Vote on a fair resolution. Decisions require a majority (2 out of 3, or 3 out of 4).
7. Document the agreed resolution in writing and share via the group's communication platform.

5.3. Escalation to Lecturer (Step 3)

If the conflict remains unresolved after Step 2, the group agrees to:

8. Schedule a meeting with the lecturer within 3 days.
9. Present documented evidence of the conflict and steps already taken.
10. Accept the lecturer's decision as final.

6. CONSEQUENCES FOR NON-PARTICIPATION

All group members are expected to contribute equally to the project. The following consequences will apply in cases of persistent non-participation:

Level of non-participation	Evidence required	Agreed consequence
Minor (1 missed deadline or 1 unresponsive instance)	Communication record (screenshot, email)	Written warning; revised task allocation with shorter deadline
Moderate (2--3 missed deadlines or repeated poor quality work)	Meeting minutes + draft submissions showing gaps	Reduced mark allocation for the non-participating member; remaining members redistribute workload
Severe (4+ missed deadlines or complete absence)	Full documentation trail + peer evaluation forms	Non-participating member receives 0% for the group component; group may proceed without them following lecturer approval
Academic Misconduct (plagiarism, AI misuse, falsification)	Turnitin report or AI detection evidence	Immediate reporting to lecturer; individual receives 0% and faces disciplinary procedures per NWU policy

Note:

All evidence of non-participation must be dated and saved. Screenshots of unanswered messages, missing draft submissions, and meeting attendance records must be retained until the final mark is released.

7. GROUP RULES AND EXPECTATIONS

All group members agree to the following rules:

Attendance & Punctuality: All members will attend every scheduled group meeting. If unable to attend, 24 hours' notice must be given, and the member must catch up on all discussions within 12 hours.

Quality of Work: All submitted work must meet the standard expected at postgraduate level. Drafts should be proofread before sharing with the group.

Academic Integrity: No member will submit work generated by AI tools (e.g., ChatGPT, DeepSeek, etc.) without explicit lecturer permission. All sources must be properly referenced.

Respectful Communication: All disagreements will be handled professionally. No personal attacks, insults, or exclusionary behaviour will be tolerated.

Equal Contribution: Workload will be distributed fairly. No member will dominate or be marginalised.

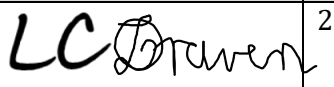

Backup & File Management: All files will be saved in a shared cloud folder (e.g., OneDrive, Google Drive) with version control. Each member will maintain a local backup.

Deadline Adherence: Internal deadlines will be set at least 48 hours before the official submission date to allow time for review and correction.

Decision-Making: Major decisions (topic choice, design changes, assessment approach) will be made by group consensus or majority vote.
